

# JOB OPPORTUNITY BULLETIN

**BULLETIN RELEASE DATE:** 7/1/00

**POSITION:** Associate Toxicologist

**FINAL FILING DATE:** Until Filled

**MONTHLY SALARY:** \$4136-5480

**DUTIES/RESPONSIBILITIES:** Under the direction of the Senior Toxicologist, the Associate Toxicologist will evaluate the current literature to assess the health effects of toxic air contaminants which have been determined to have potentially greater impacts on infants and children than on adults. The work involves evaluation of the toxicological and related literature on the specified substances, including pharmacokinetics (absorption, distribution, metabolism, and excretion), noncancer and cancer toxicological effects, and any other related information. Evaluations will include statistical analyses of appropriate data sets. The Associate Toxicologist will assist the Section in developing any necessary cancer Unit Risk Factors and noncancer Reference Exposure Levels. Prepare written reports for public comment and for review by the state's Scientific Review Panel (SRP) on toxic air contaminants regarding the potential for specified TACs to differentially impact infants and children. Prepare testimony for the SRP. Provide information to the Air Resources Board staff regarding the impacts of TACs on infants and children. Provide toxicological expertise to other members of the Section regarding health effects of airborne contaminants.

**DESIRABLE EXPERIENCE/QUALIFICATIONS:** Ability to evaluate research studies in the fields of toxicology and pharmacology for application to issues of public health, work cooperatively with outside agencies and departmental staff, communicate effectively and analyze situations accurately and take effective action.

**WHO SHOULD APPLY:** State employees currently employed in the above classification, persons with current list, transfer or reinstatement eligibility, and state employees currently identified as surplus or on the SROA list.

**SUBMIT APPLICATIONS:** Office of Environmental Health Hazard Assessment  
Air Toxicology and Epidemiology Section  
1515 Clay Street, 16th Floor  
Oakland, CA 94612  
Attn: Kendra Frazier

**CONTACT PERSON:** Kendra Frazier
